Mrs. Brown's subject being "The Royal Family of Spain—The Escorial" and Mrs. Garlington's paper being on "Spanish Society and the Court." The Club's study this winter is "A Travel Course on Spain, Holland, Norway and Sweden."

Halloween Party.
The East Flat Rock School Betterment association gave a Halloween party at the school building on last Saturday evening. The ladies of the association decorated the rooms very elaborately in autumn leaves, black cats and other appropriate Halloween decorations. Witches and ghosts were to be seen at every turn. The fortune teller's booth was a most popular resort for the young folks. A beautiful cake was exhibited and votes were sold at 5 cents apiece and the young lady who received the largest number of votes was the fortunate winner. The cake was knocked down to Miss Ethel Pace after it had brought \$8.00 in votes.

The candy booth was most attractive and was presided over by Mrs. D. C. Hood and Mrs. F. P. Jones. The ice cream booth was also an appealing corner and was in charge of Mrs. P. H. Walker and Mrs. T. C. Westall. The admission at the door was 10c and the total proceeds were \$30.30 which will be used by the association in beautifying the school rooms and the school grounds.

Complimentary to Miss Moore.
A Halloween party was given by Miss Gladys Calvert at her home on North Main street Tuesday evening complimentary to Miss Jo Moore of Hickory. All the guests in beautiful costumes of all descriptions were received in the reception hall by little Misses Dessie Dixon and Mildred Calvert, who ushered them into the library and living room, both rooms having been thrown into one and beautifully decorated in the favorite Halloween colors, orange and black, autumn leaves, corn stalks, witches and cats. The stairway and reception hall were lighted only by pumpkins and jack o' lanterns.

Before unmasking the guests marched in couples to the Queen theatre and back to the home where they amused themselves guessing the identity of each guest. Prizes were given to Miss Birdie West and R. E. Doles for the best costumes. In the search for the ring, thimble and penny, each signifying some particular fortune to the finder, Miss Jennie Bowen found the ring, Miss Moore the thimble and William Egerton the penny.

A variety of games were played during the evening from the time the guests unmasked until the wee hours of the morning.

After a delicious salad course, followed by cake and punch, was served, the guests were invited into the dining room, beautifully decorated in Halloween colors, also corn stalks and autumn leaves. The table was artistically arranged with a large pumpkin forming the spider-web centerpiece. Each fortune was tied to the favors, filled with opera gum drops, the orange and black cord from the favor to the fortune forming the spider web, while cornstalks formed the triangle from which the spider was spinning its web.

Miss Calvert's guests, including the honoree, were Mesdames Milton McCullough, Lillian Dickens, Elizabeth Blackburn, Roy Keith, F. R. Houston, Misses Vivian Thompson, Stella, Lotie and Lula Bane Dixon, Birdie West, Pearl Reason, Irene Wetmur, Minnie Crane, Lillie Brooks, Ada Whitmire, Caro Lee Green, Nell Carson, Hallie Hines and Jennie Bowen, Dr. H. L. Keith, Walter Allen, Lee Allen, Ned Hyrne, William Egerton, Marvin Reese, Charles Starling, R. E. Doles, Nat Walker, Hal Whitfield, Charlie Morrow, Howard Cowan, Louis Watson, Reid Dixon, Manning Morris, Glover Jones, Ben Foster, Roy Bennett, Milton McCullough and Emmett Lott.

All men love liberty; but few to the extent of remaining a lifelong bachelor.

The homely girl's face is her chapel.

Halloween at Flat Rock.

The members of the Flat Rock Community Betterment association of last year's standing met at the school building on last Friday evening for the purpose of re-organizing. After short talks by several of the old members and Prof. J. B. Cathey, the new principal of the school, the following officers were elected: J. F. Brookshire president, and J. M. Peace secretary and treasurer.

After this election a short Halloween program was rendered, consisting of appropriate songs, speeches, etc., and Miss Alice Herring, one of the teachers of the school, gave an interesting and instructive paper on the origin of Halloween.

The gathering then resolved itself into a Halloween party of merriment and fun. Witches, goblins, ghosts and cats appeared in great numbers. A fortune teller was among the company and many were the palms that were read. A voting contest was indulged in and Miss Bertha Justus received the largest number of votes and was presented the large box of candy after it had realized \$11.70 for the association.

The purpose of this association is primarily to better the school, and then, further, to work for the uplift of the community in general. The school at Flat Rock this year is under the able management of Prof. J. B. Cathey, of Hickory, who is assisted by Miss Delorah Stepp, of Hendersonville, Miss Alice Herring and Miss Lela Wynn, of Wilson, N. C.

Chrysanthemum Show.
The initial Chrysanthemum show of the Ladies' Aid Society of the Presbyterian church on last Friday afternoon and evening proved to be a gratifying success.

The general chairman on arrangements was Mrs. J. L. Rose. Associated with her were Mrs. W. A. Young and Miss Margaret Anderson. And how splendidly and effectively they planned and worked was evidenced in every department of the affair.

Mrs. F. E. Curtis, Mrs. M. A. Brown and Mrs. P. H. Walker were the judges of the flowers and their decisions were rendered as follows: To Mrs. T. R. DeShields, first prize for largest collection of chrysanthemums in pots—prize, a handsome blooming flower in pot; to Mrs. Worley, first prize for largest and handsomest display of cut chrysanthemums—prize a cloisonne pin; to Miss Margaret Anderson, first prize for best single specimen of cut chrysanthemums—prize, a card case; to Mrs. G. W. Lentz, first prize for best single blooming chrysanthemum in pot—prize a crocheted vanity bag.

In connection with the show there were fancy work booths and refreshment booths. In charge of the refreshments were Mrs. P. E. Braswell, Mrs. A. H. Morey, Mrs. Rainey and Mrs. J. S. Brown. The menu was tempting and consisted of oysters, salads, sandwiches, ice cream, cakes, coffee and chocolate.

Preceding over the fancy work booth were Mrs. J. D. Duff, Mrs. J. W. Bailey and Miss Sample. Mrs. A. L. Anderson, the president of the society, was the treasurer of the afternoon and declared the dividends of the show to be about \$90.00. The ladies were highly pleased with the results of their efforts and have decided to make the show an annual affair and have already reserved the last week of next October for their next show.

A BURDEN FOR THE UNBORN.

A reader at Navarre, Ohio, asks for an estimate of the public debts of the nations now at war. An estimate it must be, for no exact figures are possible while debts are being piled up at the rate of millions every day. Here is an estimate figured to the beginning of next August, the month in which the war began: Great Britain, \$13,500,000,000; France, \$14,600,000,000; Russia, \$15,000,000,000; Germany, \$15,000,000,000; Austria, \$9,000,000,000. Italy's debt is not stated. Belgium, Turkey and Serbia are bankrupt. Interest at five per cent on the debts of the five nations involved will amount to more than three and a half billion dollars a year. The principal and much of the interest must be saddled on future generations. That is what comes of putting the interests of races and nations about the interests of humanity. —National Stockman and Farmer.

Now Lookout.

When a cold hangs on as often happens, or when you have hardly gotten over one cold before you contract another, lookout for you are liable to contract some very serious disease. This succession of colds weakens the system and lowers the vitality so that you are much more liable to contract chronic catarrh, pneumonia or consumption. Cure your cold while you can. Chamberlain's Cough Remedy has a great reputation. It is relied upon by thousands of people and never disappoints them. Try it. It only costs a quarter. Obtainable everywhere. adv.-Nov

STRAW VOTE PLACING.

THE PRESIDENT AHEAD.
The straw vote of the Rexall stores is playing no favorites, for whereas the next to the latest totals elected Hughes president, the very latest displayed at the Justus Pharmacy here re-elected the president by a fairly large majority. The latest vote in the Rexall electoral college is 248 for the Republican candidate and 283 for Mr. Wilson.

"UNLOADED" PISTOL KILLS YOUNG CHARLOTTE GIRL.

An "unloaded" pistol in the hands of a small boy was the instrument at Charlotte last week in snuffing out the life of the lad's sister, when Miss Mae Holman, a telephone exchange operator, was shot and instantly killed while sitting by a window reading in the parlor of her home.

Miss Holman was the daughter of I. A. Holman, in the employ of the Southern Public Utilities company. She was at home sitting by a window reading when her brother Malcolm, aged 12, with a pistol that he thought was empty pointed the weapon in her direction and pulled the trigger. There was one bullet in the pistol and it went true, striking Miss Holman in the right eye. It crashed through the brain and produced instant death.

Miss Holman was just 18 years old and was popular with a wide circle of friends and acquaintances.

FARM NOTES.

Sheep will thrive on a short bite, but don't let the bite get too short. A little carbonate of soda will keep separator milk quite sweet and palatable for pigs.

Pastures, like most meadowlands, are not given the care and attention they merit, for no other lands on the farm will produce such profits as they if properly managed.

Many fruit trees are just about starved to death. They show it in every limb. The soil should be made richer, so that the roots may find nourishment for fruit, leaf and branch.

A clean, green, shady pasture is good for little calves. Do not put them into the hog pasture. The latter usually has bare, dusty places in it. The wallow and the pig feeding troughs attract myriads of flies. These pester the little calves too much.

That the farmers are realizing the value of the purebred stallion is shown by the fact that the number of such horses registered has increased more than 50 per cent since 1910 and that the number of grade stallions registered has decreased more than 14 per cent in the same time.

LITTLE LESSONS IN LIVING.

Live and love so that you will be a benefit to your neighborhood by remaining in it.

It's no trouble to believe the good of the human race when you are so full of it yourself that you can hardly see over it.

There is no increase or decrease in the wages of sin. They are fixed, and paid when due.

Some men actually think that the salvation of their business is of greater importance than the salvation of their home.

Reprove your boy when he needs it; but if his companions should happen to be with him at the time, better do it gently, or wait until they are gone. —W. J. B. in Farm and Fireside.

TO ENABLE BLIND TO READ.

Dr. Max Herz, a well known Vienna scientist, has invented a sort of combination of talking machine and telegraph which will enable the blind to "read" with far greater ease than the present cumbersome and costly Braille books.

The principle of the new device lies in the conveying of "Morse" or other telegraphic signs, to the blind through the sense of hearing. On the machine are placed small records, each of which may contain a whole story, written out in code.

To produce these records a further instrument composed of two Morse keys and electric sounders is required; the sounders being connected with a needle which cuts into the prepared wax record. The records consist only of long and short sounds and they can be sold at extraordinary low prices.

It is proposed through this medium to issue a daily newspaper for the blind.

LIBRARY RECEIVES SEVERAL HUNDRED NEW BOOKS.
The Hendersonville library is indebted to Edward R. Memming and the Flat Rock circulating library for several hundred books, a good variety. These books were secured through the efforts of Mrs. L. R. Barnwell and is quite a nice addition to the library.
